Request for Sensitisation Programme on Cooperative Credit Unions

Cooperative Credit Unions (CCUs) are cooperatives that provide savings and lending facilities to their members. They are owned and operated entirely by their members. This Ministry is encouraging the formation of CCUs at the workplace of employees and at community levels. In this respect, this Ministry is carrying out sensitisation programmes on CCUs in companies, parastatals, hotels, community centres, etc.

The programme is of approximately 30 minutes.

Should you be interested in the programme, kindly complete this request form and forward same to the Ministry or by email to dcallychurn@govmu.org. For any further information/clarification, please call us on Tel no. 2118667.
